

CSHCS ALERT #7-2014 - Michigan MICHild Health Plan Listing by County  
Thu 3/20/2014

Good afternoon Local CSHCS Partners,

The MICHild Health Plan transition is well underway; nearly 90% of Michigan counties have a non-BCBS MICHild Health Plan. Please review the following MICHild Health Plan transition updates:

- **CSHCS/MICHild Care Coordination Agreement:** It remains the expectation that a Care Coordination Agreement is signed with each MICHild Health Plan operating in your jurisdiction. This requirement has been included in Amendment #4 of the FY 14 Comprehensive Planning, Budgeting and Contracting (CPBC) Agreement. Care Coordination agreements between the LHDs and the MICHild Health Plan will be available for review upon request from the Michigan Department of Community Health.
- **Care Coordination Agreement Template:** Please use the attached template (See: *Care Coord Agreement Template LHD MICHILD 122313*) as you begin or continue discussions with MICHild Health Plans in your jurisdiction. The attached document is intended to establish a care coordination agreement between the MICHild Health Plan and the LHD to assure service coordination and continuity of care for clients receiving services from both organizations.
- **MICHild Health Plan Service Contacts and Service Areas Listing:** The attached document (See: *MICHild\_Service\_Area\_Listing\_423124\_7*) is a list of MICHild health plans by county. The document, [MICHild Health Plan Service Contacts and Service Areas Listing](#), is available on the CSHCS website on the [Links for Local Health Departments](#) (located underneath the [LHD under-insured work queue webinar](#)).
